Report

The Department of Botany organized two days workshop on “Post-Harvest Techniques” on 28th August and 17th September 2024. A total of 17 students belonging to F.Y.B.Sc. participated in the workshop. The workshop was conducted free of cost. The first day of training was dedicated for Ginger wadi preparation while the second day, training for Amla candy preparation was conducted. Both the days, the sessions started with lectures through which the students were given a detailed knowledge about the materials required, methods of preparation, precautions to be taken during preparation etc. The nutritional value of the products, marketing techniques etc. were also explained in detail. The students showed curiosity and interest and very actively participated in the practical session that followed after lecture. The scope of the course in creating job opportunities was explained in detail. The students were given encouragement to take up entrepreneurship in plant-based industries, there by contributing to the society.

Preparation of Ginger wadi (Ale pak)
