TAL KHED, DIST PUNE

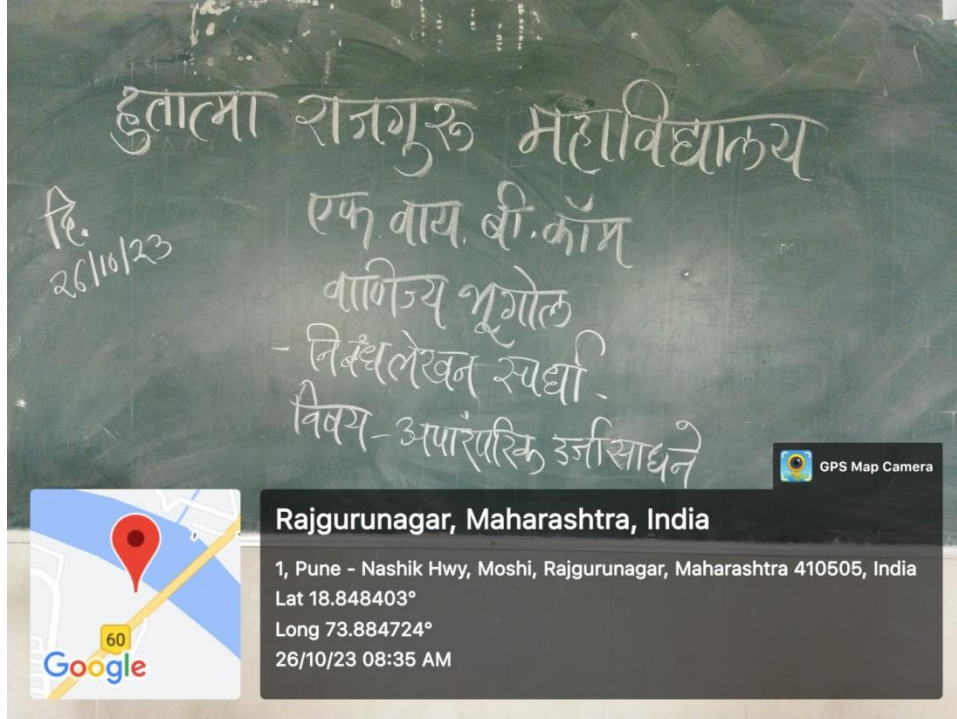

Department of Geography

Essay Writing

Different activities are carried out in Geography Department of Hutatma Rajguru Mahavidyalaya. Activities like group discussion, debate, essay competition are conducted in it. On 26/10/23 Essay Competition on Non-Conventional Energy was conducted in FYB.Com. Class Subject Commercial Geography. Eight students of the class participated in this competition.

Non-conventional energy sources include solar energy, wind energy, ocean energy, geothermal energy and non-conventional energy sources. These energy sources are not hazardous to the environment. They do not produce smoke or ash. Therefore, an essay writing competition was organized on this topic.

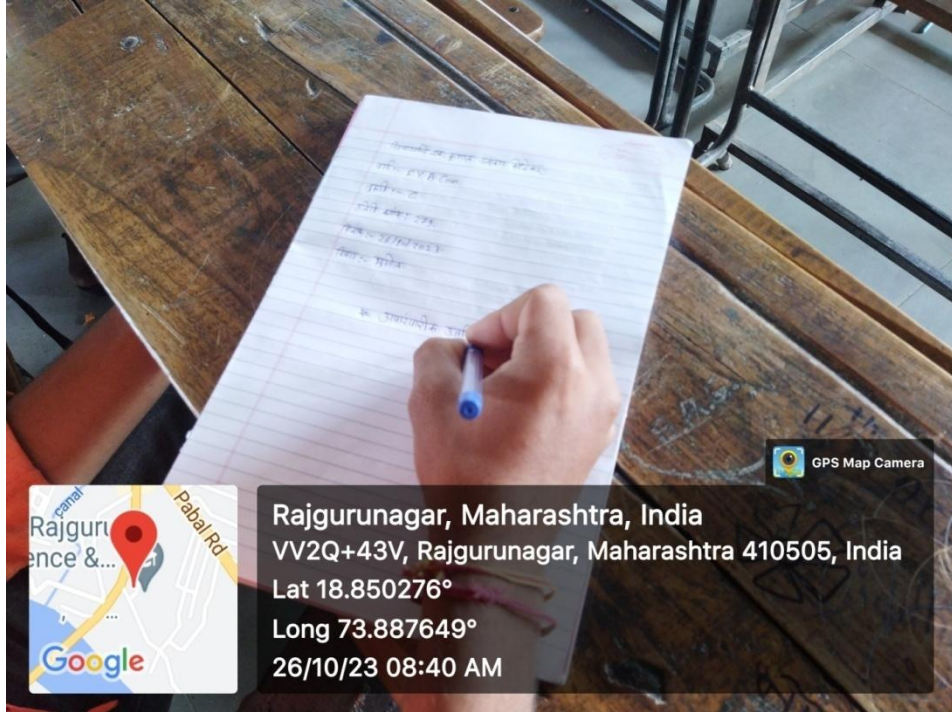

8 students participated in this essay writing competition. Among them, the first three numbers were selected and awarded to them. Dr. DM Markad organized the competition and the program concluded.
