Department of Geography

Classroom Seminar

Many activities are organized under the Department of Geography of Hutatma Rajguru College. d. A classroom seminar was organized in the class of TYBA students on 17/10/23. 7 students of the class participated in this.

Geography of India is taught in the Geography Special of TYBA. Accordingly, the topic “climate of India” was taken up for the seminar. India's climate and seasonal winds are important factors affecting India's economy. So this topic was chosen.

Geography students spoke on various aspects of India's climate. Some students talked about seasons in India. There are only two seasons in the world. But there are three seasons in India. Summer, winter and monsoon. Regular Monsoon arrives in India in June. In September, the return monsoon begins.

Some students told the importance and duration of return monsoon. Some students explained about distribution of rainfall in India. This program was organized by Dr. D.M. Markad . Prof. M. L. Muluk proposed the vote of thanks.
