HUTATMA RAJGURU MAHAVIDYALAYA RAJGURUNAGAR

TAL KHED, DIST PUNE

Department of Geography

Farewell Function

Different activities are conducted every year in Geography Department of Hutatma Rajguru Mahavidyalaya. Every year TYBA students organize welcome function for SYBA and SYBA students organize Farewell function to TYBA Students.

On 10/04/24, SYBA students organized a farewell function for TYBA students in the Department of Geography.

At 10.00 am Hon. Principal Dr. Dr. Shirish Pingle, Vice Principal. Sanjay Shinde, Head of Department Dr. Dilip Muluk, as well as a professor in the Department of Geography along with the students Flowers were offered to the statue of Sahebraoji Buttepatil. Then the students were brought to the hall of the Geography Department. After seating them in the classroom, the principal of the college Dr. Dr. Shirish Pingle, Vice Principal. Sanjay Shinde, Head of Department Dr. Dilip Muluk worshiped Globe and Sant Dyaneshwar Maharaj Statue.

Then the head of the department Dr. Dilip Muluk introduced the program. All the activities done in the academic year 2023-24 in the Department of Geography were reviewed. He gave information about how some class activities, one-day trips, field visits, village surveys etc. Also according to each semester the results of geography department are good, the professors of the department publish different research papers. Also informed about the participation in extra curricular activities.

After this, the students expressed their feelings. The students of S.Y.B.A. Prerna Jadhav, Neha Thorat, Chhakuli Musale expressed their feelings.

The vice principal of the arts wing Dr. Sanjay Shinde addressed the students. Convinced how the subject of geography is important in the future. Motivated the students by giving different examples.

Hon. Principal Dr. Shirish Pingle gave a speech to the students. Geography is a science subject and in it physics, chemistry, biology, ecology etc. are studied. Meteorology is an important branch of geography and it works on scientific principles. Zoology and Botany are also studied in geography. Different types of plants and animals are found in different climatic regions. They are affected by topography, climate, soil. Arctic regions have hairy skinned animals while desert regions have thick skinned and underground animals.

After this Dr. D. M. Markad expressed the occult. Prof. M.L. Muluk thanked the program. After the program students and faculty enjoyed refreshments.
