A total of thirty-seven students of F., Y. and T.Y.B.Sc. Botany and three teaching staff of Department of Botany, Hutatma Rajguru Mahavidyalaya, Rajgurunagar attended One day training programme on “Improved technologies of Onion and Garlic” at the Directorate of Onion and Garlic Research centre, Rajgurunagar. The training was conducted on Wednesday, 21st August 2024, as part of celebration of *Parthenium* awareness week.

The program started in the seminar hall of DOGR. An introduction to the course was given by Scientist, Dr. Sanket J. More. The Director-in-charge of DOGR gave some insights into the topic of *Parthenium* control. Later a detailed lecture with the help of PPT presentation was conducted by Dr. S.J. More on the lifecycle of *Parthenium*, problems created by the weed, various eradication methods etc. The session was very lively where the students interacted well and discussed about the difficulties they face during farming. The doubts raised by the students were cleared by Dr. S.J. More sir enthusiastically. After a short break, the students were taken to the field, where the students were exposed to the processes of eradication of *Parthenium* through mechanical methods and also through biocontrol agents. The training session concluded with vote of thanks proposed by Dr. Sangeetha J.S. Later, there was a group photo session. The raining program was found to be greatly enriching and gave the students a good scientific exposure.
